## WE DESIGN & PRINT, TOO!

Leaflet design is unlike from display advertising; it has to perform in a different way. You need to consider leaflet size, the number of pages, images, paper weight, call to action; all important factors in making the leaflet generate response long term.

## REPUTATION MATTERS

You can get leaflet distribution cheaper than us; we know that. But our reputation for quality service, reliable delivery and results is worth it (so our customers tell us!).

We have regular customers who book every slot, every month and many who use Discover every year for their leaflet campaigns.

## 4 LEAFLET SLOTS PER ISSUE

*"Thanks for such reliable delivery of our leaflets."*
